GARDEN GROVE KIWANIS RAMBLINGS, PUBLISHED WEEKLY

MAY 26, 2005

Anxious fans hear that after a brief setback, Jay is doing better.

Jay making progress in hospital

Jay scared us all this week, by briefly losing his speech and having some breathing problems, reported **Shelly Singer**, **Jay's** personal contact and super friend, reported. That has since stabilized and as of this report, **Jay** seems to be showing improvement. We all pray for **Jay** and the **Mastroianni** family. They are such a great family, and mean not only so much to us, but the **City of Garden Grove**. It's time that **Jay** had a respite from all of the health problems, and comes back to all of us soon.

I put corn on the cob, in my computer and all I could get was this stupid cartoon.

Announcements

President Newkirk announced that "**Special Kids Day**" was a big success at the festival, and **Gary Sunda**, and **Shelly Singer** were named to the **OCTA Community Action Committee**. **Newkirk** thanked **Schlenker**, **Glasby**, **Swanstrom**. **Sunda**, **R. C.**, and **Jack** for their efforts in setting up the corn booth.

Corn Booth Seems to be huge success

Early reports indicate that the **Corn Booth** at the festival seems to be a hit. Nice crowds, along with a low, low, price of \$2.00 per ear of corn, and great "Fair" weather, has kept the booth humming. Or was that **Sunda** humming? Anyway it's a four day weekend and this report includes two of them, so we hope it will continue

Huntington Beach Does Inter Club

When **Huntington Beach** does an Inter Club they really do an Inter Club. I don't know how many members they have, but they didn't come to see us, they descended. Ten members joined us and all donated to our happy/sad fund. Of course all knowing me, didn't take a lot of information because what is difficult about saying "**Huntington Beach** was with us? Well if there are two **Huntington Beach** clubs, and you have no idea which one showed up, it gets' confusing.. My guess is the "**Surf**" Club, since there were lots of tans, and everyone was looking good. But then again, don't we all.?

Happy/Sad Dollars

There were so many happy/sad dollars flying around, I couldn't keep up, so here are most of them, mainly attributed to the right people hopefully, and if I'm wrong, I'm sure I will lose my raise. Two issues were strong. A hope for **Jay's** recovery, and a successful **Strawberry Festival**. These included **Peter**, **Kelly**, **Fred**, **Bud**, our **Carnival Owner** Guest, **Wallin** for **Jay** and graduating **Granddaughter**. **Sunda** went for **Jay**, and **Sharon** being named **Woman of the Year** by the **Chamber of Commerce**. Well deserved by the way. **Will** five, for the **Huntington Beach Club**. **Leeb**, five for **park condition and daughters**. The **Huntington Beach Club** spent some good money with us, their President gave for his new son, and being here, another happy to be here, and sad, no ketchup for the corn we served. I guess it takes all kinds. Another gave five for new grandson and five for the visit and **Jays'** health. The highlight however was when one of the younger female members of the contingent gave five for the "**Handsome Bartender**" who was such a fantastic server." While most of us desperately searched the room trying to find the intruder who snuck behind the bar, and **Jack** vowed to punish whoever it was, it turned out to **be Jack**., who was so shocked he donated another five. Then there was also **Margo-lin** for **Jay**, and daughter **Stacy's** great new look. **Malm** for **festival**, **Jay** and finding a long lost boyhood friend, **Shelly**, a dollar each for **Jay** and **Stacy**, **Scott**, one each for **Jay**, **Sharon**, and **Charles Kim's** new building. **Bruce** five for **Rotary** honoring him, and **Jays'** health. **Tom Petrosine** had a medical emergency so strong he paid fifty to get out of **Corn Booth** duty. On the sad side, **Bob Main** added twenty for the loss of his sister **Eileen**, while **Gerry Newkirk** was happy for the Inter Club, **Jay**, the **festival**, and sad for **Bob's** sister, and **Charles Kim** for **Bob's** sister, **Bruce's** Dinner and the members who helped support his project, **100 dollars!**

Number one substitute speaker, speaks again!

Mayor Pro-Tem Mark Rosen, always willing to help out, filled us in on the latest going on in our city. A Sheraton Hotel will be built south of the **Crown Plaza Hotel**. The **Shopping Center Expo** in **Vegas**, may yield an **OSH Store**, **Wal-Mart** might be interested in the **Vons's** old site, and **Home Depot**, may add another store on **Katella** and **Euclid**.

Coming Soon

If I knew I would tell you. Maybe **Mark Rosen** will return. If your attendance depends on the guest, call **Leeb**.

Thought For The Week

Honest criticism is hard to take, particularly from a relative, a friend, an acquaintance, or a stranger
